MEMORANDUM TO: DDA

FROM: Director of Central Intelligence

SUBJECT: Repolygraph Program

1. Please give me a report on the status of our repolygraph program. Are there any backlogs? What is the objective interval? What is the experienced interval? If we are backlogged, is it in any identifiable area? Are any problems related to funding? If so, does the funding problem stem from our not asking for the money or for it being turned down by OMB or Congress?

2. I am interested in the answers to these questions because of our on-going efforts to tighten up our security in counterintelligence and also because the questions can be anticipated from the Hill in the light of the most recent espionage cases that have come to light.
